How can parents help at home?

Parents/guardians can help pupils by encouraging them to practise the skills taught in class. The Year 8 pages of the Art VLE has many resources to help, including resources used in lessons as well as exemplar work and useful YouTube tutorials.

Pupils should be encouraged to talk about what they have learned and how themes connect across other subjects i.e. The Arts and Craft movement and the Industrial revolution which they have covered in History.

Parents/guardians can support pupils with the written aspects of their work. Pupils should be encouraged to draft and edit their answers as well as undertake thorough research. Their responses should be personal, not copied and pasted and art specific vocabulary should be used appropriately.
