<p>Pupils will complete a baseline assessment at the start of the year. This brief unit of work aims to assess the level of observational drawing skill, literacy, and ability to learn independently. The information gathered during this unit will be used to measure the progress made for each pupil throughout, and at the end of the academic year.</p>

How can parents help at home?

Parents/guardians can help pupils by encouraging them to practise the skills taught in class. The Year 9 pages of the Art VLE has many resources to help, including resources used in lessons as well as exemplar work and useful YouTube tutorials.

Parents/guardians can assist with the research of artists and their work by directing pupils towards relevant resources as well as discussing the motivations and characteristics of the artist's work. Open discussion highlighting differing points of view and taste is important for pupils to be part of. It encourages diversity and teaches them to respect other points of view.
