Content (Intent)		
Prior Learning (Topic)		
<p>Unit 17 (Supporting people with mental health conditions) has links to several previously taught units in KS5 and KS4 (for those who studies health and social care at this level at Balcarras). For example:</p> <p>LO1 (Know the main concepts, types, causes and effects of mental health conditions) will build on learning from Unit 2 (Equality, diversity and rights in health and social care), as well as Unit 4 (Anatomy and physiology). KS4 – RO32 (Principles of care in health and social care settings) Topic Area (TA) 2-4, RO33 (Supporting individuals through life stages) TA1-3, RO35 (Health promotion campaigns) all TAs.</p> <p>LO2 (Be able to support individuals with mental health conditions to plan their care, treatment and support) will build on learning from Unit 1 (Building positive relationships in health and social care) KS4 – RO22 TA3, RO35 all TAs.</p> <p>There will also be curriculum links to A level psychology for those who study both subjects, including explanations and treatments for depression, OCD and schizophrenia.</p>		
How will knowledge and skills be taught? (Implementation)	How will your understanding be assessed & recorded (Impact)	
<p>This topic will involve a large array of pedagogy and include, but not limited to:</p> <ul style="list-style-type: none"><li>Teacher led lesson content</li><li>Group and independent quizzes/activities</li><li>Independent research</li><li>Seminar style discussions</li></ul>	<ul style="list-style-type: none"><li>Practice assessment style work</li><li>Coursework assessment</li><li>Verbal responses.</li><li>Individual and class feedback</li></ul>	
How can parents help at home?		
<p>Parents can help at home by supporting their child to meet their deadlines and ensure all work is completed to a high standard. They could also help by questioning their child about pertinent issues relevant to health and social care in the news and encouraging them to use subject specific vocabulary.</p>
