How can parents help at home?		
<p>Encourage regular revision of the Russian alphabet at home. Pupils often find teaching their parents what they have learnt about the alphabet a good technique to reinforce their own understanding. Direct learners to the resources available on the VLE for verification or if they think they are missing class notes. https://balcarras.fireflycloud.net/modern-foreign-languages/russian/year-8-russian/the-russian-alphabet</p>
