

RESULTS SUMMER 2024

Dear Student,

We do hope that you are pleased with your results.

If any of your results are below expectations, you should consider the three options below. However, before you decide to do anything, **talk the situation through with the relevant subject staff**, as they will be able to guide you. The Sixth Form team will be available to speak to you on results day and the day after.

- 1** You can send for a **photocopy** of your script for any component or unit either to check whether it would be worth asking for a review of marking or to see where you could improve by resitting the paper – prior authorisation will be required from the student.
- 2** You can ask for a **review of marking** of one or more of your papers. You should discuss this with your subject teacher first. If your university place depends on the result you can apply for a **priority review of marking** which you must do by **Midday 21st August**.
- 3** You can **re-sit** some qualifications. Resits will generally be in June 2025, and there also are resits for English Language and Maths GCSE in early November 2024. Your subject teachers will want to talk this through with you before any decisions are made. You should confirm with the Exams Office whether your course is still eligible for resitting.

If you want to apply for a post-results enquiry, you should complete the form overleaf (which also details costs and deadlines) and take it to the Exams Office. **Please note that requests will only be submitted on receipt of payment via Scopay or card.**
